### **Dodd-Frank Wall Street Reform Act**

Although Wall Colmonoy Corporation is not a publicly traded company we respect the need and benefit of the reporting procedures to the SEC regarding conflict minerals and the humanitarian crisis's relating to the DRC and surrounding countries.

As a manufacturer of Nickel, Cobalt and Iron base alloy powders Wall Colmonoy Corporation does use additions of tungsten metal in our primary foundry and atomization operations. Our source of tungsten used for foundry operations consists exclusively of tungsten metal scrap which has been recycled in the United States of America.

Wall Colmonoy Corporation markets Brazing Filler Metal Powders and Hardsurfacing Powder products. The following products contain tungsten:

Nicrobraz® 170	Nicrobraz® 171	Nicrobraz® 210
Colmonoy® 88, 88 M, 88 HV, 88 PTA & 88 DJ		Colmonoy® 72, 72 M, & 72 HV
Colmonoy® 84, 84 PTA	Colmonoy® 57 PTA	Wallex™ 40, 50, 55
Wallex™ 40 PTA, 45 PTA, 50 PTA		

Secondary operations to produce blended composites of primary metal powders with tungsten carbide powders use carbides made with tungsten from sources which are not in the DRC or surrounding Countries, or which has been recycled as certified by our suppliers. Composite products which contain tungsten carbide particles are:

Colmonoy® 64, 75, 635, 705, 730, 750, 6200  
ColTung™ 1 and Wallex™ 55

The balance of our products do not contain materials regulated by the Dodd-Frank Act. Please contact us with any questions or concerns.

Thank you for your business and best regards,

Michael Weinstein  
Metallurgical Engineer  
Director, Technical Services  
Wall Colmonoy USA, Alloy Products Group
